APRESENTAÇÃO

Minha jornada na Arquitetura é marcada pela dedicação ao trabalho e aprendizado constante. Domino softwares como Revit, AutoCAD e SketchUp, e já desenvolvi mais de 50 projetos com diferentes propostas, o que gerou uma experiência prática enriquecedora.

Em 2023, formei em Projeto de Interiores na ITD CANADA em Vancouver, um curso bem abrangente que integrou teoria e prática em projetos residenciais, comerciais e institucionais. Durante 1 ano, desenvolvi soluções para otimização de espaços e layouts funcionais. Elaborei pranchas técnicas detalhadas, com especificação de acabamentos, mobiliário, luminotécnica, modelagem 3D e renderizações. Essa experiência internacional aprimorou minha formação profissional.
